

Milliken
CoFlex® Cohesive Bandages
 Operating Room Application

Milliken's CoFlex cohesive bandages help patients and caregivers when a self-adhering bandage is desired to secure, protect or compress. It is a gentle solution whenever adhesive is not wanted.

From proprietary latex-free formulation to EasyTear technology Milliken provides the right solution for every clinical task.

Milliken's Sterile CoFlex Med, CoFlex NL and CoFlex LF² provide the appropriate, individually packaged sterile wraps ideal for OR applications.

Secure

- Secures dressings on patients sterile drapes, IVs and devices
- Does not require clips, pins or tape

Compress

- Reduce swelling after orthopedic, dermatology and plastic surgery
- Provide support for sprains and strains

Protect

- Sterile option to minimize environmental contamination
- Latex free option available to reduce the risk of latex sensitivities
- Isolates unprepped extremities to help maintain the sterile field

Applications

- Orthopedics
- Podiatry
- Plastic surgery
- Pediatrics

Effective in the Operating Room

- EasyTear Technology - fast and easy to apply
- Conforms to the bodies contours
- Does not stick to skin, hair or surgical drapes
- Comfortable - Lightweight and breathable
