## FLEXIBLE ADHESIVE STRETCH TAPE

U.S. Patent No. 5,762,623  
European Patent No. 0839222

PowerFAST™ is a strong, flexible adhesive stretch tape made with synthetic fabric. Unlike other adhesive stretch tapes, it won't absorb water so it remains thin & comfortable, rather than getting bulky. PowerFast also retains its elasticity for lasting support, plus its strong adhesive won't pull hair.

### Uses for PowerFast™:

- ✓ Injury prevention
- ✓ Support sprains & strains
- ✓ Secure pads, braces, and gauze
- ✓ Post-injury stability

- Synthetic construction = won't absorb water
- Thin and comfortable - no bulk
- Great adhesion yet won't pull hair
- Stronger than competing stretch tearable elastic tapes
- Made in the USA

When ordering, please indicate catalog # and color code.
